### Paris

Paris is the capital of France and the country's largest city. It is situated on the river Seine, in northern France, at the heart of the Île-de-France region. The City of Paris, within its limits largely unchanged since 1860. Paris is today one of the world's leading business and cultural centres, and its influence in politics, education, entertainment, media, fashion, science and the arts all contribute to its status as one of the world's major global cities. Paris is one of the most popular tourist destinations in the world, with over 30 million foreign visitors per year. There are numerous iconic landmarks among its many attractions, along with world-famous institutions and popular parks.
